

THE CONSTRUCTION USERS ROUNDTABLE

"THE OWNERS VOICE TO THE CONSTRUCTION INDUSTRY"

*For Immediate Release
November 11, 2008*

The Construction Users Roundtable Workforce Development Awards

Cincinnati, OH

The Construction Users Roundtable (CURT) announced its Sixth Annual Workforce Development Awards and called upon the industry to continue its progress in promoting construction workforce training and recruitment across the United States and Canada. CURT is committed to give significant national/international recognition to companies and organizations that implement effective recruitment and training programs that develop first class craftsmen and managers.

The Construction Users Roundtable is an association of leading corporations in the United States and Canada, dedicated to the promotion of cost effective construction methods. The members recognize that training, education and recruitment are essential to excellence in construction project delivery. As a result, CURT founded the Workforce Development Awards to recognize companies and organizations for extraordinary, exemplary and innovative recruitment, training and education programs, which encourage people to pursue careers in construction.

Applications were received representing national trade associations, contractors, unions, local labor-management associations, owners, educational institutions and public school systems. Many thanks goes to the CURT Construction Industry Workforce Development Awards Committee, chaired by Gerald Sprentall, who also heads the Workforce Development and Industrial Relations Committee.

The Selected Winners were:

ACE Mentor Program of America, Inc.
Turner Industries Group-Turner Industries Construction Academy
Alaska Construction Academy

CURT announced these prestigious awards and made the presentations at its 2008 National Construction Conference at The Westin Mission Hills Resort, in Rancho Mirage (Palm Springs), CA on November 11, 2008.
